Volvo Blue Service Agreement

No more unexpected costs.

With a Volvo Blue Service Agreement you get full control of your service costs and the best preconditions for a relaxed night's sleep.

The agreement encompasses labour, Genuine Volvo Parts and other materials. You know exactly what the service will cost every month. You get all your costs on one single invoice. This facilitates your administration as well as your budget and calculation work.

We change the filters, oil and parts according to your agreed service plan. In addition we perform a large number of checks so that minor faults can be discovered before they develop into major problems and thus costly repairs.

If anything is discovered that requires action over and above what has already been agreed in your Volvo Blue Service Agreement, we inform you in advance and give you a cost estimate for the proposed actions. No surprises here!

To learn more about service agreement options for your Classic truck, contact your local Volvo dealer.
