VOLVO UPTIME PROMISE

OUR PROMISE TO DELIVER MAXIMUM UPTIME TO YOUR BUSINESS

A new addition to our Gold service agreement, Volvo Uptime Promise is designed to give you extra protection against unplanned standstills. If you experience an unplanned stop, we promise to have you back on the road within 8 hours – from anywhere within Australia. From the moment you log the stop with Volvo Action Service, the clock starts. If it takes longer than 8 hours, we start compensating you.

In order to make this as simple as possible for you, all administration is taken care of via your local dealer.
